---

To whom it may concern:

We at Burrard Roofing have used Bin There Disposal Services refuse bins for all our jobs since 1995. We have been very pleased with their prompt, courteous service and excellent pricing. The drivers are very professional and are highly eager to please.

Also, over the years Bin There Disposal Services has been actively involved in assisting in many different charitable endeavors, of which we are grateful.

We do not hesitate to recommend Bin There Disposal for your disposal needs. We don't just consider them service providers. We consider them friends.

Thank You,

Wally Sullivan
